IOWA CORN STEWARDSHIP ADVOCATE PROGRAM

The Iowa Corn Stewardship Advocate program gives Iowa corn farmers an opportunity to stay up to date with hot topics, news events and upcoming activities. You will receive:

- Monthly email updates from Iowa Corn Sustainable Program Manager Ben Gleason and other experts on the topics of soil health, conservation and water quality
- Latest information on stewardship topics impacting your farm
- Regulatory updates that may impact your farm
- The scoop on upcoming Iowa Corn stewardship activities and events

You also will have the opportunity to hear directly from Iowa farmers, ask questions and join the discussion about conservation in Iowa.
